Reutimann on his first race of the season with Braun Racing

"I'm excited to have the opportunity to join forces with Braun Racing and Beringer Vineyards for another season. Braun Racing is a first-class operation with a great group of people to support it. That is the reason they have been able to grow and expand into four full-time teams for 2010. I look forward to working with them again this season and competing to give Beringer their first win as a primary sponsor in the Nationwide Series. They certainly are a great group of folks to work with."

Equipment Information

The No. 10 Beringer team will hit the track with chassis #044 in this weekend's Stater Bros. 300. This chassis was last seen on track at Texas Motor Speedway (Nov) where Kasey Kahne started from the fourth position and led for one lap before a suspension failure took him out of contention.
